Dates of the ICAK Foundation Course 2021- 2022

Venue: Arora Hotel Gatwick/Crawley, Southgate Ave, Crawley RH10 6LW

SEMINAR TIMES:

SATURDAY 10:00AM TO 6:00PM - SUNDAY 9:00AM TO 4:00PM

2021

October 9-10

I - THE DYNAMICS OF AK EVALUATION

The art of precise muscle testing—the importance of stabilisation, positioning, resistance direction and velocity The proprioceptive model of muscles & muscle testing and developing proprioceptive skill as an amateur

Subluxations & Fixations

Pelvic categories

The practical testing of main muscles

November 13-14

II - INTRODUCTION TO VISCERA, THE EMOTIONS & THE STOMATOGNATHIC SYSTEM

Emotional stress release & Psychological Reversal

Retrograde lymphatics, Ileocaecal valve, Diaphragm

The cranium and craniosacral diagnostic principles and treatment, Classification of lesions

The TMJ & Hyoid

The testing of more basic muscles

December 4-5

III - ORTHOMOLECULAR PRINCIPLES IN AK

The role of vitamins and minerals, Acid and alkaline metabolic states

Macro vs micro nutrients and AK testing

Essential Fatty Acids. Prostaglandins and their role in almost everything

Homocysteine; and the cholesterol myth

The testing of related muscles

2022

January 8-9

IV - GLANDULAR/HORMONAL

Analysis of the endocrine system and the dynamics of glandular interaction

Evaluation of the pituitary, thyroid, adrenals and reproductive system; and the use of AK to diagnose and treat the endocrine system as a whole entity

The testing of related muscles

February 5-6

V - THE ACUPUNCTURE MERIDIAN SYSTEM & A RETURN TO STRUCTURE

Introduction to the Meridians and using AK for evaluation and treatment of the Acupuncture system

Review of the pelvis, Sacral & iliac fixations

Disc lesions

Peripheral joint dysfunction and foot pronation

MUSCLE TESTING PROFICIENCY EXAM

AT THE END OF THE COURSE:

Having attended all five modules you are entitled to take the Proficiency Exam, which entitles you to one year's free membership within ICAK -UK (current annual dues are £90.00)

ABOUT THE COURSE

This is a clinically relevant and powerful course of study that will expand the diagnostic skills of the young as well as the experienced practitioner.

Being taught for only the third time in the UK, this newly formatted five weekend course will teach advanced procedures and how to combine them with the fundamental concepts in AK, so that difficult or more complicated patients may be better evaluated from the very start of your training.

This course is designed for the thinking practitioner! Those who are or have been searching for the missing tools needed to understand difficult diagnostic situations need search no further:

In a step-by-step learning curve, each module will introduce an ever-increasing number of guiding principles that lead the practitioner to metabolic, structural and / or emotional therapeutic input.

Why, when, where and how to treat are the basic needs of every practitioner—the Foundation Series will provide the necessary tools to achieve these skills!

ICAK-UK

The International College of Applied Kinesiology (ICAK) is an organisation dedicated to furthering the knowledge of health care professionals in Applied Kinesiology (AK).

AK is a dynamic method that allows a more complete evaluation and treatment of the structural, biochemical and mental aspects of dysfunction in a patient.

It employs manual muscle testing as a complement to other methods of diagnosis, enabling the practitioner to assess the unique needs of each patient.

AK is a valuable clinical tool for chiropractors, osteopaths, physiotherapists, medical practitioners and dentists.

Visit www.icak.co.uk for more information

Tracy S. Gates qualified as an osteopath 34 years ago, and qualified as a homeopath in 2017. She is a member of the Institute for Functional Medicine.

Having practised for several years using osteopathy and cranial osteopathy, she studied Applied Kinesiology, successfully achieving her diplomate status in 1994.

As part of her diplomate she made a research study into the use of AK in treating Special Needs children. The research was further backed up by a period of time spent at the Peto Institute in Budapest; as well as study at the Institute for Research into Human Potential in Philadelphia.

Today, Tracy lectures in the UK, Russia and throughout Europe. She makes regular presentations of her study projects and ongoing research at various conferences in Europe and the USA.

Tracy is the current Chairperson of the International Council (I.C.) of ICAK, and is also the International Representative for ICAK-UK. In 2017, Tracy was awarded the prestigious George Award—the highest award within ICAK – for her tireless work within the organisation.

“AK has opened my eyes to so many potential areas of dysfunction that I would not have considered with only a structural education. It will definitely change the way I work!”
Ezra Levy MRCP.

“For those wanting to understand and treat the underlying cause of patients' symptom patterns this course covers everything. Tracy's obvious deep wealth of knowledge and clear presentation style really animates the subject matter - with plenty of demonstrations and supervised practical to appreciate the intricacies of this work.”
Matt Bourne D.O.

“General Practitioners will find that Applied Kinesiology opens up exciting diagnostic and therapeutic possibilities in the day to day practice of medicine. Tracy's course is both relevant and useful, I recommend it to all GP's.”

*Michael O'Beirne M.B.,M.R.C.G.P.
General Practitioner, Galway*

ICAK

INTERNATIONAL COLLEGE
OF APPLIED KINESIOLOGY UK

2021 - 2022
ICAK-UK presents:

The Foundation Course of Applied Kinesiology

with

Advanced Clinical Applications
- a NEWLY FORMATTED and accredited
Basic Course of the
International College of Applied
Kinesiology—ICAK

Lecturer:

Tracy S Gates D.O., DIBAK
